Happy 2019!

The Walsons Group due to the patronage of our valued clients/mentors who have consistently given us their trust, feedback, advise & guidance at every stage of our evolution/mutation, has grown from its humble beginnings to now ~45,000 Employees with annual revenues of ~1,000cr and most importantly with no Debt. We are guided by our fundamentals of Sustainable & Responsible Growth and remain humbled by the qualitative journey that lays ahead of us as we aspire to improve client services delivery better and achieve a 100% client retention rate.

Since we greatly value this trust and patronage by our clients/stakeholders and therefore reinvest & redeploy the organisation's resources into Technology, R&D, Solutions, Analytics, etc., across all Walsons Services Verticals and steadily improve the Operational Delivery Platforms for our existing & new clients. We aspire to move towards more Predictive and Proactive operational management, thru remaining Porous & Transparent with our clients & sharing the learnings of the tools we are investing in.

We salute all who have contributed, added value and enriched this incredible journey, the past achievements and now who are adding to the future motivations..... of creating a better Future for us all together.

As we embark on another year, we extend our very best wishes to your loved ones & you and wish you all a healthy and safe 2019.
