

Position: Dialysis Technician Nurse

Job Location: Saudi Arabia

Qualification: BSc Nursing/GNM

Experience: Bachelor's degree in Nursing and three years' experience in the dialysis department or a nursing diploma with at least five years' experience in the dialysis department

Job Responsibility:

- Checking and recording patients' vitals before, during, and after dialysis treatment.
- Ensuring that hemodialysis and peritoneal dialysis treatments are administered to patients correctly.
- Monitoring patients during dialysis treatment to identify any adverse reactions.
- Preparing and updating nursing care plans.
- Promptly notifying the appropriate medical practitioner of any problems that occur during dialysis treatments.
- Working with the dialysis technicians to ensure that dialysis machines and equipment are set up correctly.
- Teaching patients and their family members how to operate home dialysis machines should they decide on home dialysis therapy.
- Educating patients on dialysis treatment options, kidney disease management, as well as suitable nutrition and exercise regimens.
