

Integrated Facility and Asset Management Services

Integrated facilities management is the core of our business. We understand how crucial your workplace and assets are to your operational success, therefore, we design solutions to meet your bespoke requirements and strive to exceed expectations. Whether you need an integrated service or a standalone service, we can work with you to deliver highly responsive outcomes.

With a national presence and robust on-ground delivery system, our qualified teams of professionals have been providing comprehensive and integrated facility solutions to various industry segments.

Focus on **Service Excellence**

We put our clients at the centre of everything we do to give them the best experience through constant focus on service innovation.

- **Our Identity:** Our high standards of service across the country are supported by our team of professionals and strategic local partners.
- **Our Strength:** Integrated service boutique with a flat management structure not only makes us responsive to every requirement of the clients, but also facilitates our teams to work in conjunction.
- **Our Values:** Our people are aligned to the core values of Walsons, which assists us in providing best-in-class service quality.
- **Our Culture:** We are constantly upgrading skills of our people through regular on-the-job trainings and skill management programs.
- **Our Ambition:** Our consistent strive for quality delivery and compliance adherence is the reason for our long-standing reputation for excellence.

Our **Key Customers**
